

## Sopra Steria Achieves SAP® Certification for Operations Partners

- **SAP Certification for Operations Partners help customers identify best-in-class service providers to meet their requirements in terms of quality, scope and geography**
- **It is the second company in Spain to obtain the accreditation SAP-certified in DevOps**

**Madrid, Spain — December 10th — Sopra Steria, a major player in the European tech sector, has announced that it has achieved an SAP® certification for Operations Partners in DevOps. It is the second company in Spain to obtain this certification, highlighting its capabilities to offer managed services in the country for the automation of SAP system operations**

*"We are proud to announce that Sopra Steria has successfully finalized the SAP certification audit for DevOps. This makes us the second company in Spain to receive this prestigious certification. This milestone not only underscores our commitment to excellence but also strengthens our ability to offer managed services in Spain",* said Victor Párraga, Director of Digital Platform Services at Sopra Steria España.

SAP offers a certification program for partners that manage customer environments. [SAP Certification for Operations Partners](#) help customers identify best-in-class service providers to meet their requirements in terms of quality, scope and geography, while certified partners can increase market visibility and drive new revenue.

SAP has taken into account the strength of Sopra Steria in the following key aspects to grant this certification:

- **Technical Expertise:** The company have demonstrated deep technical expertise in the implementation and management of SAP solutions, ensuring that our clients receive high-quality services.
- **DevSecOps Capabilities:** The ability to integrate DevOps practices into SAP operations that allows us to offer more agile and efficient solutions.
- **Compliance with Standards:** Sopra Steria have met all the requirements and standards set by SAP to obtain this certification, ensuring that our services adhere to industry best practices.
- **Constant Innovation:** The committed to staying at the forefront of technology, incorporating the latest innovations and improvements into our service offerings.

Sopra Steria is a partner of the SAP PartnerEdge® Program. The SAP PartnerEdge program provides the enablement tools, benefits and support to facilitate building high-quality, disruptive applications focused on specific business needs – quickly and cost-effectively.
